Dušan Stanković

CAREER OBJECTIVES

I am in a final year of my studies, and I would like to focus on learning more about front-end technologies and I am also very interested in design and visual presentations of websites and applications. I would like to find company where I could learn and grow by working and helping.

EXPERIENCE WITH

HTML, CSS
JS (vanilla and jQuery)
Bootstrap CSS framework
Sass
React and React Native
Typescript (on Angular course)
Angular (currently on the course)
Wordpress
SQL databases - elementary knowledge
Adobe creative suite (Photoshop, Illustrator)
Sketch
